U.S. Military Dependent Residence Statement

If you are the dependent of an active duty member of the U.S. Armed Forces, excluding National Guard, assigned to California and wish to request exemption from nonresident tuition, you must complete the below statement and obtain the signature of the active duty member's commanding officer or personnel officer. This form is required each semester/session in attendance.

TO: SPOUSES AND CHILDREN OF ALL U.S. ACTIVE DUTY MILITARY, EXCLUDING NATIONAL GUARD, ASSIGNED TO CALIFORNIA

Because of your military dependent status, upon completion of this form, you are exempt from nonresident tuition as long as the U.S. active duty member is assigned to California.

The residency determination date is the date immediately preceding the opening of a semester/session.

Resident student classification for educational purposes shall be given to students 19 years of age or older who have resided in California for at least one year and one day prior to the beginning of the semester/session, **and** have "manifested the intent" to make California their residence one year and one day prior to the beginning of the semester/session. "Manifested the intent" means having the supportive documentation indicating the intention to make California one's state of legal residence. This is normally done by filing California state income tax as a resident, by voting as a resident, and NOT possessing documents

contradicting California residence. **Documents must be dated at least one year before the semester/session begins. Copies of these items will be required at the time the request form is submitted. The one-year residence period which a student must meet to be classified as a resident does not begin until the student is both present in California and has manifested clear intent to become a California resident (i.e.: registering to vote, obtaining a California driver's license, filing California state income tax as a resident and not possessing documents contradicting California residence).** The burden is on the student to demonstrate clearly both physical presence in California and intent to establish California residence.

The law governing residence determination for tuition purposes may be found in the California Education Code and in Title 5 of the California Administrative Code. **If you have any questions, please contact the MPC Admissions and Records Office at (831) 646-4007.**
